## ABOUT ME

---

Enthusiastic Computer Engineering student at Dwarkadas J. Sanghvi College with a passion for Full-Stack Development, AI and Machine Learning and Competitive Coding. Proficient in diverse technologies, seeking opportunities to innovate and contribute effectively to projects.

## EDUCATION

---

D.J. Sanghvi College of Engineering - BTech in Computer Engineering	CGPA 8.6   2022 - 2026
Alpha College of Commerce and Science	84.7%   2020 - 2022
St. John's Universal School	96.67%   2010 - 2020

## PROJECTS

---

**GemFind** | *Frontend* June 2024 - July 2024  
"Gemfind" a cloud based marketplace for jewels which provides an extensive interface for retailers as well as customers, I worked to develop numerous pages using various Frontend frameworks including React, Vue and Angular for the industry Level Project at BrainVire Infotech, my first internship experience!

**NOTENG** | *React.js* Jan 2024 - Jun 2024  
"Noteng" was a collaborative college project where I served as a frontend web developer, collaborating with classmates to integrate Django backend functionalities. Using technologies like Bootstrap and Tailwind, we developed a centralized platform for sharing study-related materials such as notes, job opportunities, posts, and educational videos.

**Travel Essence** | *FullStack* Dec 2023 - Jan 2024  
**Travel Essence** is a daily necessity of weary travellers and backpackers who want to explore new restaurants, hotels or places to visit! Uses the Rapid API's Travel Advisor api and Google's Maps API to display places sorted according to ratings!

## SKILLS

---

### Technical & Non-Technical

- Data Analysis and Statistics: NumPy, SciPy, Matplotlib, Plotly.js
- Programming Languages and Utilities: Java, C, Python, LaTeX
- Web Development: HTML5, CSS, JavaScript, Bootstrap, Material UI, Tailwind CSS, React.js, Django, MySQL, Vercel, Netlify, Firebase, SentryIO
- UI/UX: Figma, AdobeXD, Wix Studio, Canva
- Management: Leadership, Team Building, Problem Solving, Strategic Thinking, Critical Thinking, Creativity

## WORK EXPERIENCE

---

**Full Stack Django developer** | *Brainvire Infotech* Ongoing | Jun 2024 - August 2024  
• UI/UX Intern and Full Stack Development intern at Brainvire Infotech. Through my involvement in various industry-level projects, including Gemfind and Child Support@Georgia, I have gained invaluable field experience and comprehensive knowledge across all phases of project development.

## ACHIEVEMENTS

---

**WINNER of TSEC's Minithon** | *NeoTravels* Sept 2023  
• Developed a urban travel app's frontend using HTML, CSS and JavaScript.

## ACADEMIC EXPERIENCE

---

**DJS Arya: Management.** We participate in the International CanSat competition, by NASA and American Astronaut society.

**DJS Unicode: Web Frontend Mentee.** I intern here on various web development projects.

**DJS eXpress: Editorial, Creatives and Journalism.** Public speaking club. Eventually promoted to LEAD.

**DJS Codestars: Editorial mentee. Competitive coding Club.** I write official letters and reports.

**DJS NSS: Social Service Volunteer.** We empower poor children.

**DJS Aura: Lead Director, Acting Club.** I have directed several short films.
